

Race Privacy Statement

The personal information collected in this form (your Entry Information) is used for the administration of this race. The information will be used for the compilation and publication of race results.

Dark Peak will provide the race result information to the Fell Runners Association, for publication in their results service. Dark Peak retains race results in perpetuity.

Dark Peak will not pass your personal data to any third party, other than the FRA, including race sponsors. Dark Peak's results are hosted in the USA.

In the event of an incident related to the race, Dark Peak will maintain necessary records of personal information pursuant to the matter. Dark Peak reserves the right to share Entry Information, or any other information available, with mountain rescue, law enforcement agencies and national governing bodies as necessary, at the discretion of those members in attendance.

In the case of Entry Information of minors, collection is only undertaken with the consent of a suitably authorised carer. Update, or change to that information will only be undertaken at the request of a suitably authorised carer.

Updates to Entry Information or subsequent results must be made in the first instance to the Race Organiser. Should that not be satisfactory, any request relating to the management of personal data can be made to privacy@dpfr.org.uk

Paper copies of entry forms will be destroyed within 30 days of the completion of the race, unless a serious incident occurs during the race, in which case, the forms will be retained for the duration of their pertinence to that incident.

By submitting this form, you are consenting to these provisions.
