

Membership Secretary – Report to DPFR AGM June 2022.

1. Membership continues to grow, we now stand at circa 600 members, having added 59 new members since the last AGM
2. Thanks to John Dalton for his continued technical IT/Web support for the membership data base, it makes the Secretarial task a lot easier!

And thanks to David Arundale for monitoring membership income.

3. Requests continue from prospective members to join us for a few Wednesday evening trial runs prior to membership – if any ones has any ideas etc on how best to ‘meet and greet’ these folk let me know and I can reply to them – my usual response being to direct them to the website information and give them an idea on how the groupings work etc.
Is there a need for a more precise note to them?
4. I’d like to acknowledge and thank those members that support the club – organising races, Wednesday runs and more – it all makes the club work! I’m sure it will be mentioned elsewhere but given that Andy Harmer is stepping back from organising club races a big thanks for his stewardship of club races over the years.
5. Finally, any queries etc. on membership and the Secretary role please get in touch.

I’m happy to stand and continue to the role into 2023.
